

Current branch

available at or before t

Target-side branch

EMA learners · stop gradient

Objective routing

Volume JEPA	→ dense + anatomy	masked spatial targets
Report / finding	→ pathology	disease · site · severity
Localized targets	→ lesion	box · mask · region text
True patient time	→ trajectory	fine future · no leakage

Task queries

queries read; do not write

CLS	pathology + trajectory + global
SEG	dense + anatomy + lesion
RETRIEVAL	global + pathology
FORECAST(h)	pathology + lesion + trajectory
